GOLDEN ANNIVERSARY

CREDITS — APPRECIATION — GRATITUDE

Of all the many reasons for which we are thankful to the Balboa community, the biggest is the **size** of our list of benefactors. It is part of the joy of working at this school that so many are always willing to give of their time and talents in helping us to complete our annual project. This year we shall thank those who helped with the historical section within that section, and here acknowledge our gratitude to those who contributed to the regular 1977-78 portion of this book.

The selection of an Editor and Staff is one of the critical decisions which vitally affect the nature and content of any yearbook, and obviously molding many personalities into a working team is the important task of the Editor and the Advisor. Your Editor-in-Chief, Frances Marshall, joins a long retinue of previous successful and competent editors, and has brought us a unique warmth and dedication which has seen us through triumph and tragedy alike. Her faith in herself and this book has shone like a beacon through our darkest hours, and she has given us the determination to see it through to completion. All of us deeply mourn the loss of Larry MIZERA, our Sports Editor, at semester break, and we are truly grateful to his sister, DeAnne, and Steve ELLIOTT, who have helped finish the job which Larry had so well begun. Steve also has been a wonderfully adept photographer, who has never complained about "emergency photo orders" or about having to crop and lay out much of his own work. With the never-falling co-operation of Bosco Studio and the special contributions of Elaine DELGADO (Sp'76) and the support of Mr. Nick KAFKAS and Mrs. Emily Powell SUMRALL (F'46) of the Alumni Association added to the support of Mrs. Florence Rawson COHEN, Principal, and Mr. Andrew GEE, School Accountant, we have delivered to Mr. Tom WALKER of Taylor Pulishing Company a **GALLEON** of unusual size, scope, and quality. Speaking for the entire Staff from the bottom of our heart, WE THANK YOU, WE APPRECIATE YOU, WE LOVE YOU for helping us show what Balboa is all about!!!

THE EDITOR'S MESSAGE

This year's theme is "A View From The Top" — Speaking as a senior, it's been a long up-hill climb. Some of us straggled behind, but two out of three somehow made it to the top. Balboa itself has climbed the hill for the last 50 years, and may Balboa go on climbing higher hills and not sliding downhill!

Looking back and down, we did not have many super-stars, but we have also had very few hard losers. The people here at Balboa are filled with spirit, and a good example of this spirit was Larry Mizera (Midget), who died on Feb. 7, 1978. I will always remember him as the little man filled with orange and blue from head to toe. Balboa has carried on its tradition and spirit for these 50 years, so let's hope it can carry on for the next 50 years.

This book will probably be a shock to most of you, but we the staff thought it would be nice to have half of the book dedicated to the 50th anniversary of Balboa. We all hope you will like the book.

Mr. Larsen is a special person. Without him there would be no yearbook like this, and I would not have been Editor. I thank him for letting me be Editor of this book, and I hope I have been the Editor he expected me to be.

We have had a small staff to do this yearbook, and because of this the deadlines were a little hard to meet, but with a lot of effort, the staff has done it. I thank the staff very much for their hard work and putting up with me, especially Mr. Larsen, Steve, and Elaine (from the Alumni part of the book). I thank all the people who have lent or gave us pictures. I THANK YOU ALL!

Frances Marshall

ADVICE FOR OUR SECOND HALF- CENTURY

The pathway to success is to scale our expectations not by what we are given to start with but rather by what we shall have when we are done. Every new school, like every entering student, is a fresh opportunity to improve the human condition. When Balboa commenced its voyage toward the future, everyone here was fresh off some other "boat", but little time was lost in assimilating those pioneer students into a highly spirited crew of Buccaneers whose course was charted by an inspired administration and faculty.

It should be a source of deep pride to all who have ever been a part of Balboa High School that by far the vast majority of her extensive family remain loyal to this school and the spirit and traditions which distinguish us from the run-of-the-mill sort of high school. What we teach here above all is self-respect, pride in personal achievement, and a healthy awareness of individual differences. Those who stay with us soon learn means of coping with real life in all of its bewildering and manifold aspects. To be sure, we reflect the world around us, but by some special magic, we help one another to grow less selfish and a little more humane. The next five decades will evolve as we continue to offer the best of the past to the best hope for the future, more good and loyal Balboa Buccaneers!

MESSAGE FROM THE PRINCIPAL

When Balboa High School opened on August 20, 1928 with 24 teachers and 600 students, the people of the neighborhood were expecting the school to become a strong influence for good in the southern section of San Francisco. At that time Balboa was an interesting potentiality.

By its fiftieth anniversary Balboa High School has demonstrated its academic strength, its athletic prowess, and its ability to inspire loyalty, pride and humanity in its graduates. Tens of thousands of people in all parts of the world claim Balboa as their high school alma mater. The same Balboa hymn and fight song that we sing today are cherished in their memories.

Balboa's first fifty years have produced a strong basis for the heritage of good citizenship and service to mankind which we hope will be the product of this school in its next fifty years.

May Balboa High School in the year 2028 still be first on the Pacific!

WINTER BOAT DANCE

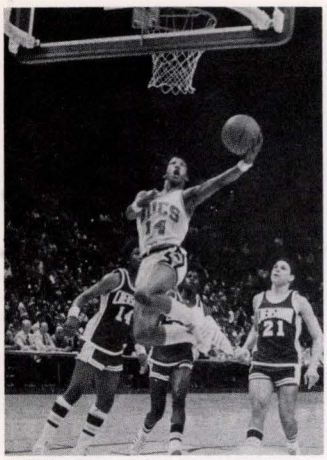

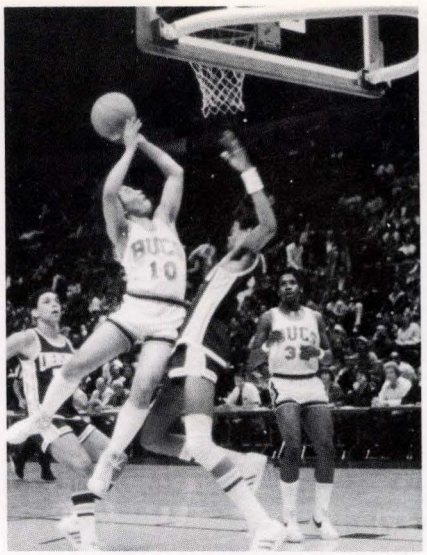

DEC. 2, 1977

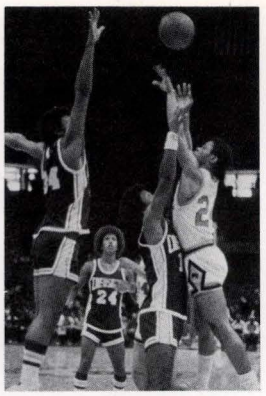

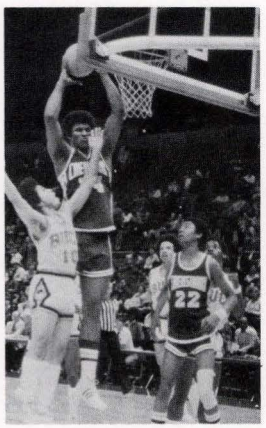

WISHING ON A STAR

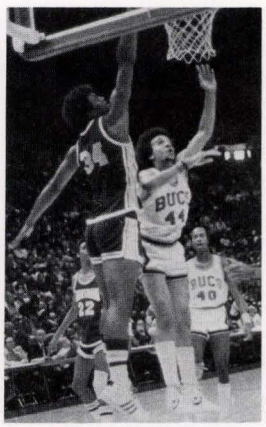

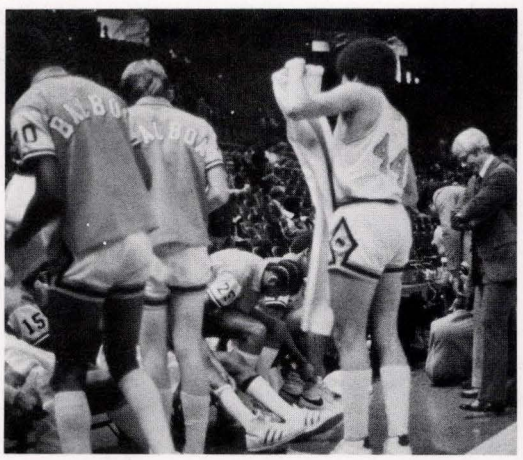

T. O. C.

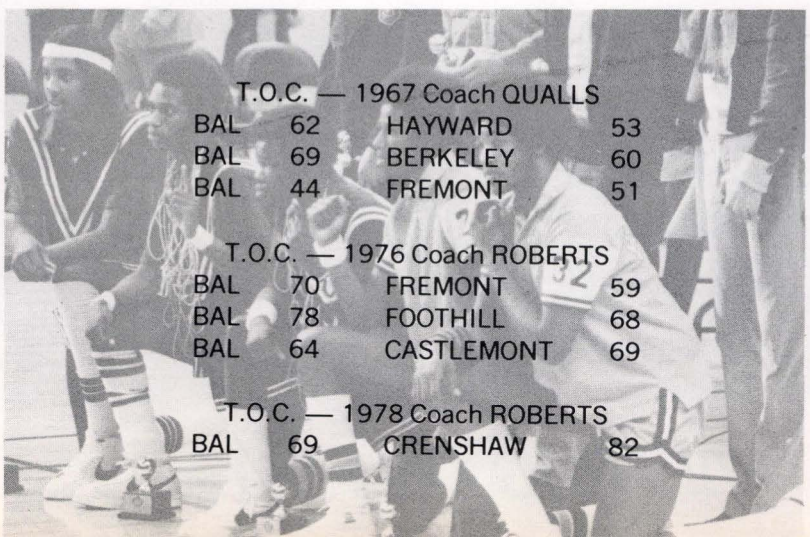

The Tournament of Champions is when California's best basketball teams gather to compete for statewide honors until one team emerges the champion.

Balboa has represented San Francisco three times in this statewide honor; unfortunately, we have not yet gone to the top. We have only reached the final night of competition.

Although this year we only went as far as the first night, we are proud of our players and of our Coach ROBERTS, who gave their best for BALBOA!!!!

BALBOA SOCCER '77

SEASON SUMMARY — 1977

The Bucs opened the '77 season with back-to-back shutout victories over McAteer and Washington. The O'Connell Boilermakers proved a stumbling block for Bal, beating them 2-1. The Bucs then put 21 goals in the net to register victories over Lowell, Lincoln, Galileo, and a hard-fought 2-2 draw with Mission. Wilson surprised the Balboa eleven by beating them 2-0 on the last day of the season, the only game Bal failed to score in all year.

The playoffs saw O'Connell and Balboa play to a 2-2 tie during regulation time and 4 "sudden victory" overtime periods. The bucs scored 3 goals in the penalty kick shoot-out to win the game. Scoring for Bal were David Torres, Mike Graham and Don Cusack. David Torres also provided the defense in the goal during the shoot-out. The Bucs played in the championship game for the 3rd straight year. The Mission Bears exploded for 7 goals to defeat the former city champs.

A PEP TALK BEFORE A BIG GAME

Coach Nevius reflects back on the bright spots of the '77 season: 1. The team led the league in scoring with 30 goals for the 3rd straight year. 2. The team had 11 different players score goals. 3. The defense had the 2nd best record in the city. 4. 8 players were selected to the All-City team. 5. Seniors leave with a record of 18 wins, 5 losses and 2 ties in 3 years, and played in 3 championship games.

THANK YOU, SENIORS!

COACH NEVIUS

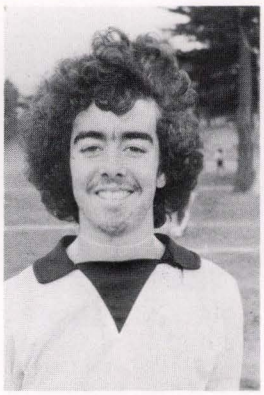

Balboa fans prove we're still #1

WE DID IT, BUCS

WE DID IT, BUCS, WE WON THE CROWN,
NOW IT'S TIME TO GET ON DOWN.
WE'RE ON OUR WAY TO T.O.C.,
AND TAKE THAT TO BELIEVE IN THEE
THANK YOU, DREAM, YOUR JOB WAS FINE,
BUT PLAN TO DO IT ONE MORE TIME.
WE HAVEN'T PLAYED THESE BOYS BEFORE,
AND WHEN WE WIN, WE WON'T NO MORE.
WHEN WE WIN THE FIRST TWO GAMES,
YOU'LL ALL GO DOWN IN THE HALL OF FAME.
BUT IF WE LOSE, PLEASE DON'T FROWN,
WE'LL ALWAYS HAVE THE THREE A CROWN.

SPORTS/PHOTOGRAPHY — A MAN SIZED JOB

When I came here, all I had was a name — "Big Foot" — and a game — soccer. My friends were small due to the fact that I was the usual type of person who comes to Bal.

Well, as time went on, I progressed into other things besides soccer. There was one which I enjoy a lot, and that is photography. Then, through my knowledge of photography, I progressed to a spot on the Yearbook Staff as Assistant Sports Editor and Photographer.

When my good friend Larry (Midget) Mizera passed away, I had to take on the full duties of Sports Editor as well as becoming Chief Photographer. As the book progressed, I became more aware of how the book is made, and more knowledge came into my head.

By Spring Vacation, Frances Marshall, the Yearbook Editor, decided after talking it over with Mr. Larsen, the Advisor, and Elaine Delgado, the Alumni Section Editor, to give me the final major promotion to Assistant Editor for Sports and Photography. I know now why they selected as a theme for this 50th Anniversary **GALLEON** "A View From The Top".

Things look very different to me after three years at Balboa. I have seen a lot more, I know a lot more, and I have learned what it means to grow into a job. No one at Balboa starts at the top. Some move faster and farther than others, but there is always a place or job or an activity where a sincere student can grow to fill a very important position in student activities.

I always knew I could do it, but now I HAVE DONE IT. I'm glad somebody asked!

"MY CREED"

I would be patient and more helpful
To boys and girls and with them climb
The Mounts of Knowledge and of Wisdom
And view from heights the Span of Time.

I would be tactful and more earnest
With this young boisterous girl of mine
Who hides beneath her thougthless manner
The spirit of a maid divine.

I would be fair in all my dealings
With this elastic age of youth
And thus instill into its being
Ideals of honesty and truth.

I would be simple in my actions,
Seek Beauty in the things I do,
Grow close to Art as well as Nature
I would lead boys and girls there, too.

I would reflect through daily living
The joy of service to mankind,
Of knowing that one's life is greatest
When it is noble, true, and kind.

ALUMNI SECTION EDITOR'S MESSAGE

Elaine DELGADO
Class of Spring, 1976
Asst. EDITOR — Alumni Section

During my three years at Balboa, I found the meaning of the word "TOGETHERNESS" — one of Balboa's many traditions.

Through the Great Depression, World War II, the Korean Police Action, the Vietnam Conflict, the Civil Rights Movement, and even the Field Act Reconstruction (when the school was split into morning and afternoon sessions), the Buccaneers maintained that special touch of togetherness.

The students looked upon Balboa as a warm place to be; they became involved in school activities, and looked upon their fellow classmates as adopted brothers and sisters.

In my own personal experiences here at Balboa, I've seen her undergo some physical changes, but the spirit remained the same. No matter who you were — even if you thought you were a nobody who was labeled as a "strange, clumsy lower-classman" — you still had a friend.

I frequently see people who have graduated, and they are wearing their senior sweaters, and those people are walking tall. The next Thanksgiving "Turkey Day" Football Game Balboa attends, have a look around and see how many senior sweaters date back not only five or ten years but back twenty or twenty-five years. This is all done because of that word so many other graduates learned before I did.

I can't help thinking of all the years Balboa has opened her doors in early Fall to those awkward, clumsy, confused "nobody" lower-classmen (which at one time we all were) and performed a miracle which left these people with a special feeling only she can give.

She has done a fantastic job for fifty years — but in the later years, some of the enthusiasm has been lost. But before you blame her, you must remember she is old but she hasn't given up. Just remember those Move-Up Assemblies; all the new Seniors are so excited and happy. Ever wonder where they got their enthusiasm from? Well, all that excitement of the past put together with her special touch reaches inside of them, and then they too learn the meaning of the word "Togetherness". Remembering how I left Balboa, I can honestly say that I am not only one who left with more than a diploma.

So I congratulate Balboa for her determined will and I know she will continue through the years. I thank the faculty who have kept Balboa together, and most of all, I thank each and every student who graduated from 1931 to 1978 because they will remember Balboa as she will always be — "FIRST ON THE PACIFIC."

BALBOA ALUMNI HALL OF MERIT

The Balboa Alumni Association has announced its intention to establish a Hall of Merit to acknowledge graduates who have achieved a position in a worthy endeavor or profession other than athletics which merits recognition. We have set aside this page of the 50th Anniversary **GALLEON** for such persons. Page 12 is devoted to alumni in education and pages 18-19 covers athletes.

The first Spring Supplement to a GALLEON appeared in 1959 and continued until at least 1965. Since 1971-1972, a Spring Supplement has appeared each Fall, and a Supplement to this volume will appear in September, 1978.

The yearbook was called "The Balboa Journal" for the first two volumes issued. For the Fall, 1947 term, a booklet called "The Treasure Chest" was issued in lieu of the **GALLEON.** For the record, the 1967-1968 and 1968-1969 yearbooks were both designated as "Volume 38" in error. Volume numbers are not reliable.

VARSITY-ALUMNI BASKETBALL

GRADUATES IN EDUCATION

Graduates of Balboa High School have a long and distinguished record in the field of public education. More than a few have returned to teach at Balboa, and a number of others are working in other schools within the San Francisco Unified School District. It is difficult always to trace the progress of a school's alumni over the years, but when they return to their Alma Mater as teachers (**Kotter** notwithstanding), we welcome them warmly and know that that they are well imbued with Balboa Spirit and Tradition.

PRESIDENTIAL GREETINGS

I am pleased to have the privilege of contributing a paragraph or two to this special 50th Anniversary Edition of the Galleon. Our yearbook is a very special book; it is, in a way a "history" book dealing with the period from 1928 to 1978. If one would scan through our Galleons from the very first to this issue, a tale would be told of many lives. One would become acquainted with the passing of styles and fads, of what was happening in the world and in our country — but most of all what Balboa students were doing.

In a sense, each Galleon is very similar. Students throughout the years basically do the same things — they participate in sports, in clubs, in student activities, and most of them go to class and are serious about their education.

I always enjoy photographs of our beautiful school. It may not be the most modern school in San Francisco, but I think it is still the most magnificent. How fortunate we all have been to be able to enjoy the lovely spacious campus, to sit on the grass on sunny days, to gather with our chums under the palm trees, to scurry across the graceful bridges between the Library Building and the Main Building. Yes, more modern schools have been built since 1928, but none can compare with the grandeur of "our" school.

But, Balboa High School is more than a building of brick, wood and concrete that can be admired for its physical beauty. It is an entity which has affected thousands of lives. All of us who have attended Balboa have been exposed to that contagious, and difficult-to-shake-off feeling known as Balboa School Spirit. It is a spirit that has bridged the generation gap and which brings Buccaneers of all ages together in common bond.

We are fortunate to have an alumni association (not every school has one). It allows graduating students to continue their relationship with Balboa, their friends, and other Buccaneers. It is encouraging to see our membership grow.

I cordially invite all of the 1978 graduating senior class to join the Balboa Alumni Association. Join the rest of us who took to heart the words to our beloved Hymn, composed by Salvatore Billeci:

We're loyal and ever true
A pledge of faith we give to you
We follow where our colors lead
Our orange and our blue

Balboa loved by every one
Where echoes ring of deeds well done.
Deep loyalty fore'er prevail
ALL HAIL, BALBOA HAIL!

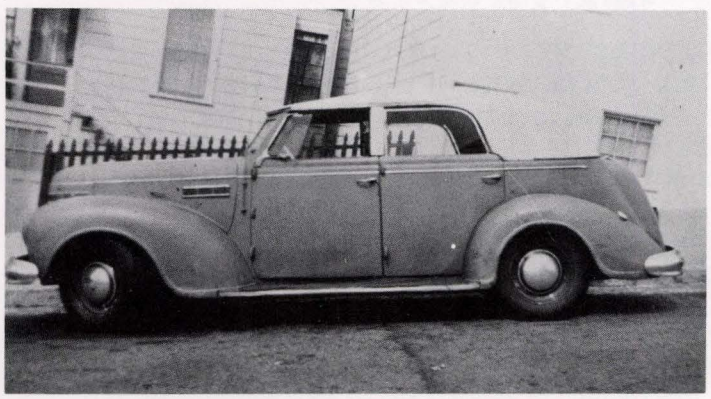

Emily Powell SUMRALL (F'46) President Balboa Alumni Association

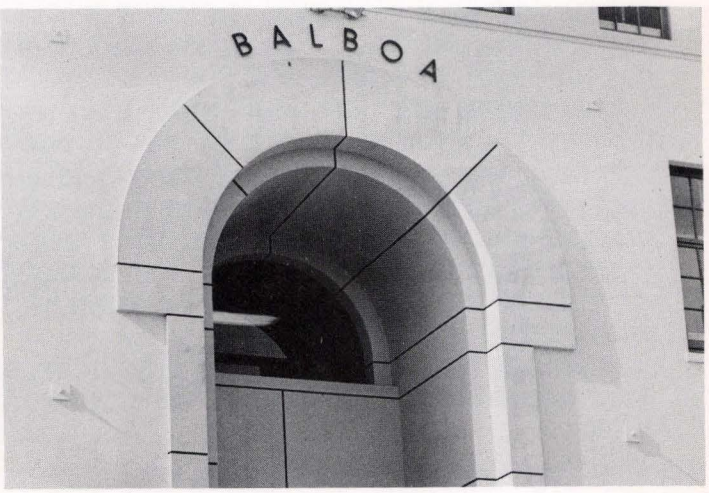

1928 THEN AND NOW 1978

DIFFERENT DAYS — DIFFERENT WAYS

It would be tedious and perhaps not worth the space to enumerate all the trials and errors through which we passed in our ten months of planning for this Golden Anniversary edition of the **GALLEON.** Many seemingly reasonable assumptions proved false, countless hopeful leads brought us to dead ends, more than a few promises were accepted but not kept. The sweetest moments of the year were when our faith was rewarded, the bets paid off, and a few winners emerged who looked last Fall like dark horses indeed. In keeping with a grand tradition at Balboa, a number of recent graduates lent a welcome and willing hand. Later, we appealed to the Alumni Association and were bountifully provided with encouragement and assistance.

We plunged first into the past volumes of the **GALLEON,** and quickly found that nowhere could a complete set be found. Some of the gaps were filled through the courtesy of the school library, the Teachers' Professional Library, and the rest were lent to us by individuals. Starting with a 56-page paper-bound volume called "The Balboa Journal" produced by Miss Hazel M. FISHER, the Vice-Principal, from such a modest beginning in Spring, 1929, we have discovered over the years large and lavish productions with full-color aplenty and a scope which is no longer possible. A major handicap was a lack of consistency in the numbering of volumes. What at first seemed to be a special kind of magazine turned out to be the Fall, 1947 equivalent of a yearbook. Christened "The Treasure Chest", it was the outcome of the Principal's decision that the student body did not care to support a full-scale yearbook any longer. Fortunately, that event shocked the Buccaneers so much that the book has continued to appear regularly since than with variations only in physical size and content. For the last two decades, most volumes have appeared with a Supplement, the printing industry's answer to delivering a yearbook before Graduation when the last pages must be sent in before Easter Vacation.

Over the forty-seven years since we discovered the value of a yearbook, there have been a number of advisors, and good things might well be said about their ingenuity and perseverance. For sheer endurance and fertile imagination for over twenty years, Miss Jenness L. HUDSON deserves the highest respect and admiration. We have tried to cull the wheat from the chaff, and warmly thank those who recorded our traditions so faithfully.

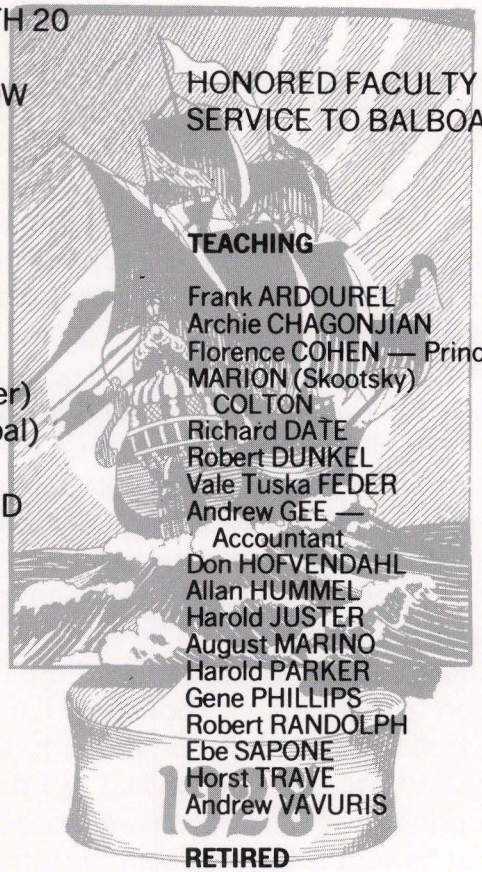

BAL TRADITION — THANKS WHEN IT'S DESERVED

This 50th Golden Anniversary **GALLEON** is dedicated with gratitude and affection to all those many persons, both living and already gone to their reward, who, throughout their lives, displayed the BALBOA SPIRIT, and ever remind us that our traditions are also guidelines for sensible, unselfish, service to home, school, community and country.

A TRADITION WORTH CONTINUING

We have already expressed thanks to a large number of persons who have contributed to the completion of the part of this **GALLEON** reserved for the 1977-78 school year. Many of those same persons gave lavishly of their time and talents in aspects which have more to do with this portion set aside for the history of Balboa High School, its graduates, former faculty, administration,and friends.The past and the present here have a way of over-lapping not only in second and possibly third generations of Bal family traditions, but also in graduates who have returned here to teach or to work on our classified staff. Apparently Buccaneers past and present feel that they learn certain ways of treating others here which are effective throughout life and worth passing on like family heirlooms to their children and grandchildren. The world has changed radically since this school was founded, but human kindness and genuine empathy have preserved this school where others have perished or lost their way. Almost without exception, Buccaneers remain proud of and loyal to their Alma Mater. We may deplore some temporary lapses from our ideals of the past, but we try with remarkable success to show each entering student the virtues of truth, honesty, gratitude, and self-respect. Hypocrisy gets short shrift here because the good so far outnumber the bad, the apathetic, and the boastful. LOOK US OVER — WE CAN TAKE IT!

Specifically,let us here thank the following,in no particular order of rank or precedence, for contributions toward the completion of this history:

THE WHITE HOUSE
WASHINGTON

May 16, 1978

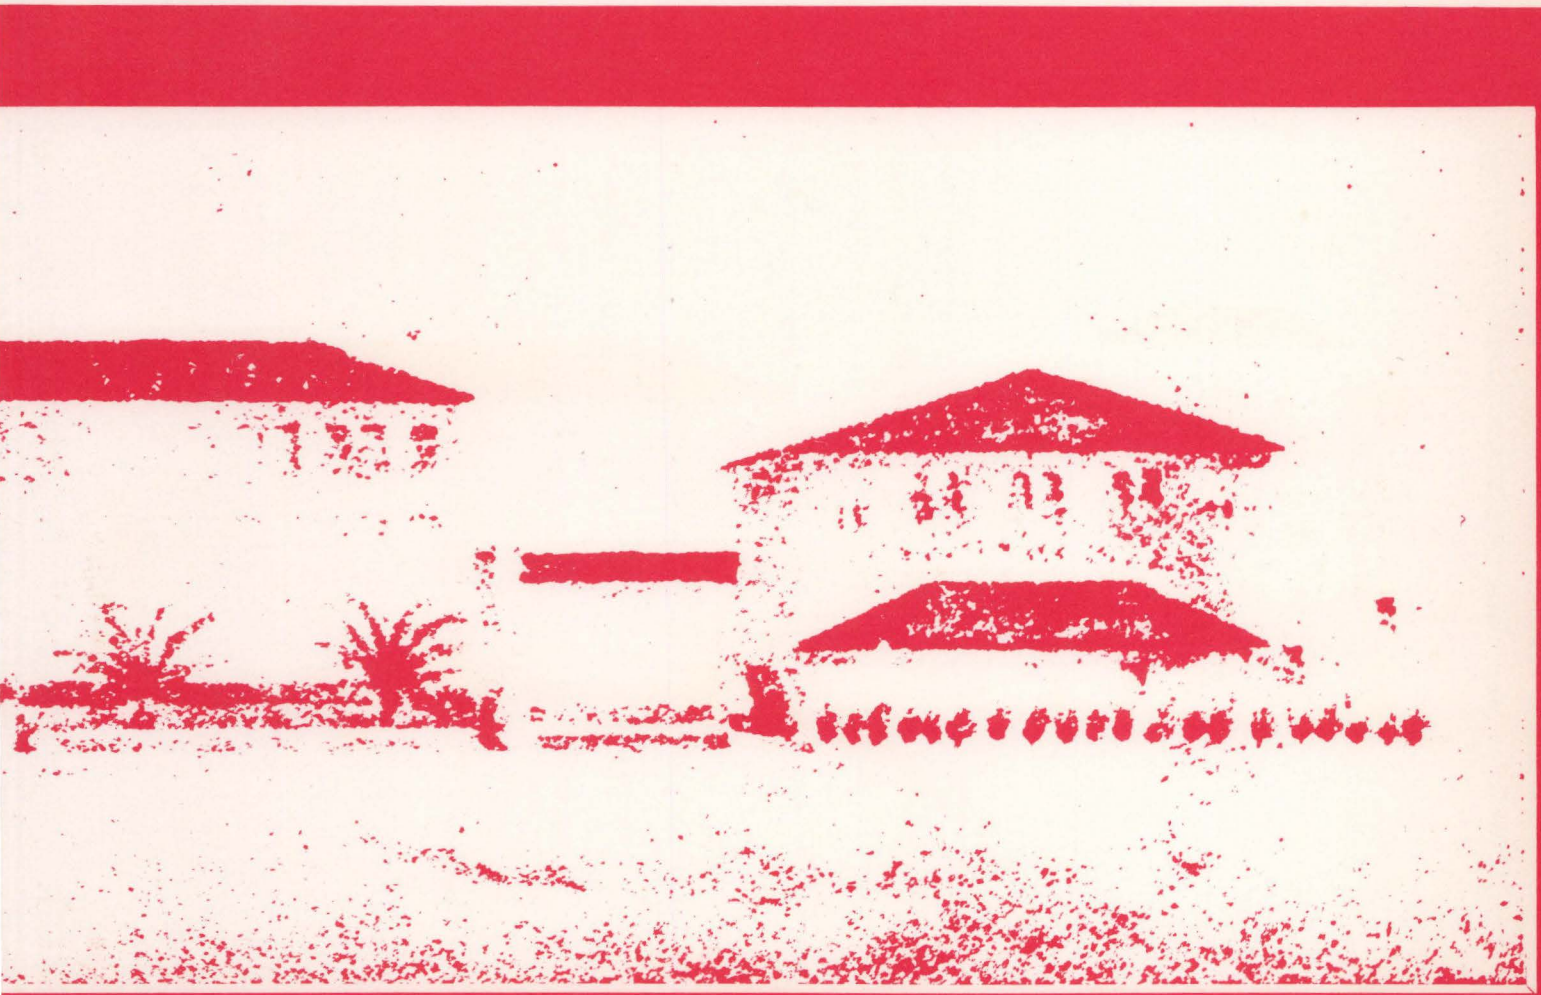

On the golden jubilee of Balboa High School, I congratulate its faculty, administrators, students and alumni on a fine record of service to American education.

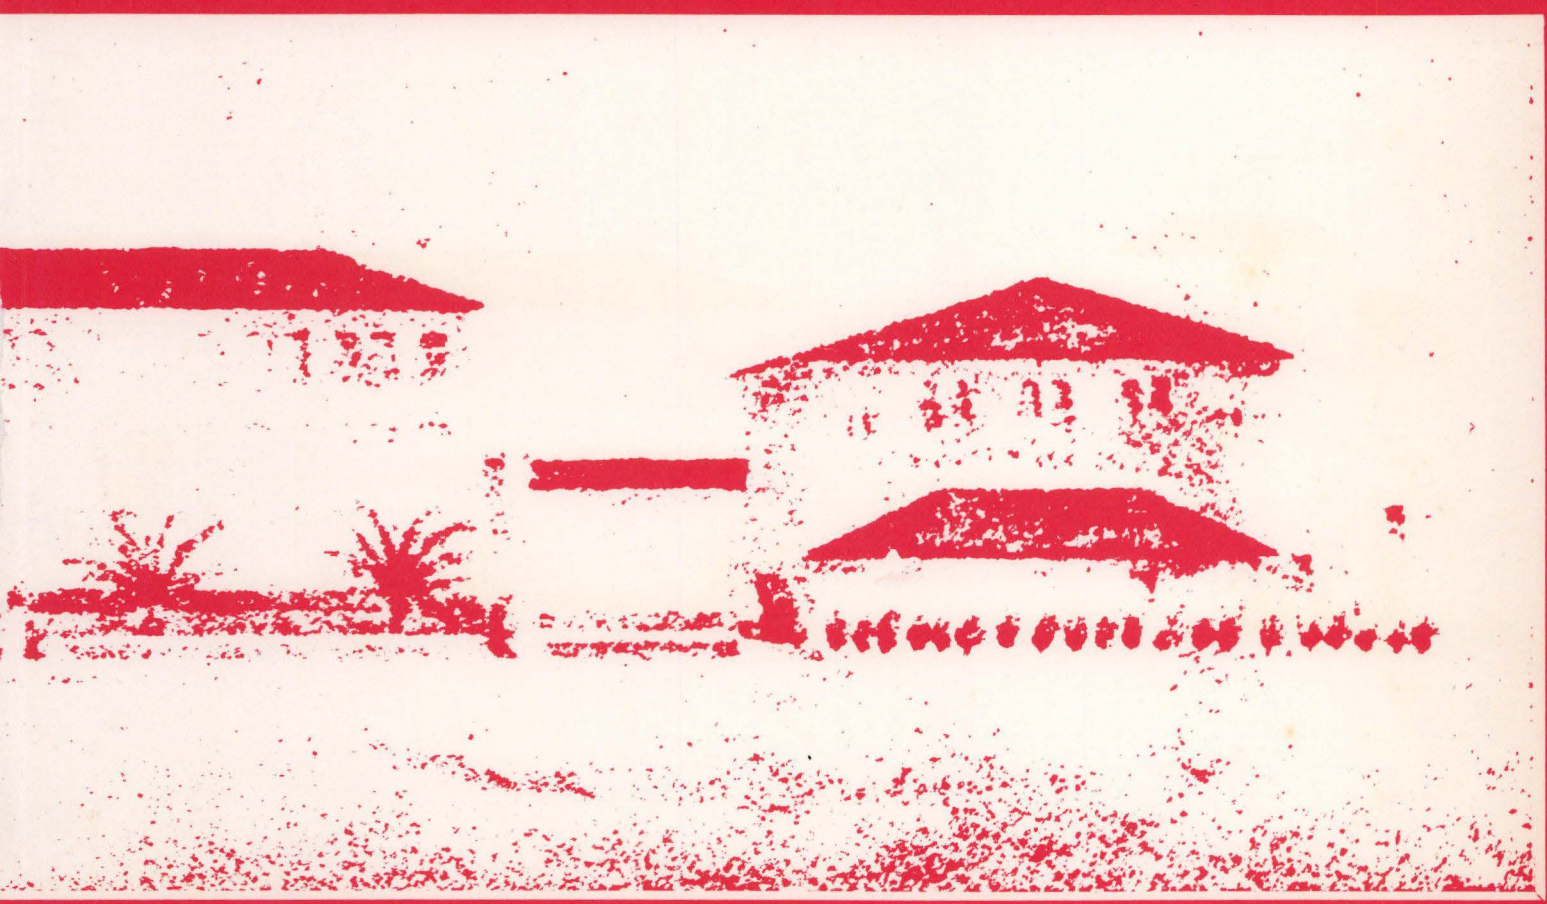

You can be proud of the high standards of academic excellence you have maintained and of the character building athletics program you have offered.

I am confident that you will continue to build upon this splendid reputation in the years ahead, and I wish you every future success.

Jimmy Carter
